

# CRIMINAL JUSTICE REFORM WHAT HAPPENS NEXT?

Marc Maton, Police Chief, Lemont

Ana Lalley, Police Chief, Elgin

Patrick Urich, City Manager, Peoria

# OVERVIEW OF POLICE AND CRIMINAL JUSTICE REFORM BILL

## MARC MATON, POLICE CHIEF, LEMONT

- Original Law
- Law amended by the Safe-T Act
- Law as changed by the Trailer Bill
- Overall understanding of the bill & subsequent legislation's impact on policing

# COMMUNITY IMPACT ITEMS

## ANA LALLEY, POLICE CHIEF, ELGIN

- Opportunities to build and grow trust in the community
- Tactics for engaging and educating community stakeholders on the needs of law enforcement

## Transparency Initiative

### #InsideEPD

The Elgin Police Department recognizes the importance of transparency in policing. A [dashboard website](#) was constructed during 2020 that was released in January of 2021. This website is designed to fulfill the crucial need in our community for transparency. Within the highly interactive site visitors can find officers for their neighborhoods or schools. Crime information is provided for overall dispatched events, and specifics for burglaries, traffic, incidents involving gunfire and homicides, including cold cases from 1971-forward. A sex offender search is also available.

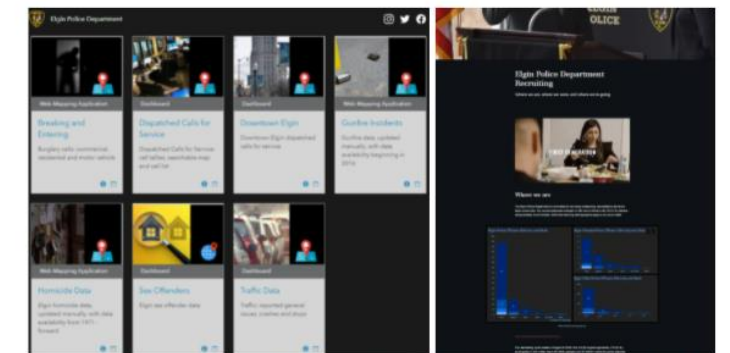

Response to resistance analytics are provided, as well as complaint data pertaining to police employees.

Special sections are dedicated to officer recruitment demographics and to the good work police employees perform.

The department intends to continue expanding the data available in dashboards to ensure the Elgin community has access to information that will strengthen the bond of trust between the police department and the community.

Home page with running totals for dispatched calls for service, response to resistance incidents and employee complaints

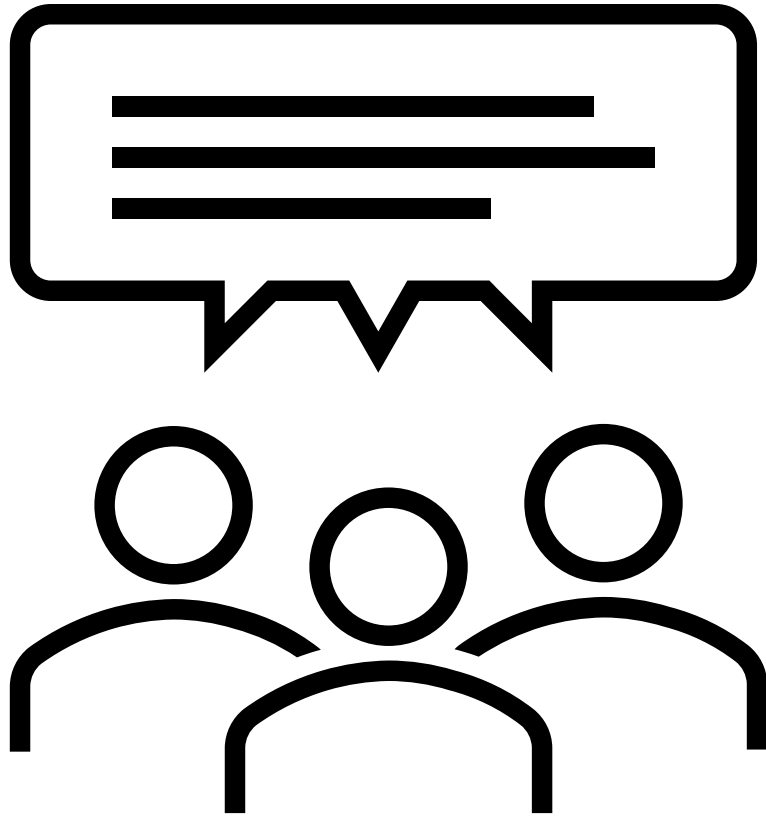

Categories with pre-built dashboards ready for use

Recruiting demographic information from 2013-forward
