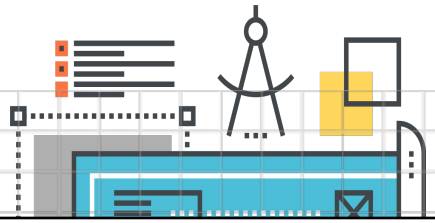
Introductions

Jason Cummings

Market Lead
IL local Government & Edu
Google Public Sector
Jecummings@google.com

Gene Leynes

Enterprise Architect
City of Chicago
Gene.Leynes@cityofchicago.org



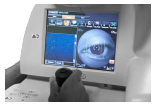
Google AI for Public Sector

Google Cloud

We have historical AI innovation.

2015

Google DeepMind AlphaGo defeats Go champion



2016

Google's DeepMind helps detect eye disease

2017

Google invents Transformer kickstarting LLM revolution

2018

Google's groundbreaking large language model, BERT

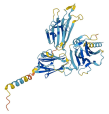
T5

2019

Text-to-Text Transfer Transformer LLM 10B P Model Open Sourced

2020

Google LaMDA Model Trained to converse



2022

AlphaFold predicts structures of all known proteins

Gemini

2023

A Multi-Modal AI Platform

3,000 Researchers
7,000 Publications

Responsible AI

Built & tested for safety

Privacy in design

Upholds high scientific standards

Accountable to people

Socially beneficial

Avoid creating unfair bias

Google AI for Public Sector

10xing Customer Experiences

Your site, your data, all accessible through a virtual agent, powered by Google AI, that communicates, translates, and takes action.

Employee Superpowers

An AI powered mentor sitting beside every employee helping them search, summarize, and understand

Expertise on Demand

Imagine having access to security experts, data analytics experts, translators, & software developers at all times without the human premium.

Multi-modal solution.

Four essential pillars that meet the needs of the public sector.

A comprehensive and secure tech stack built with the public sector at heart.

Adaptive

Responsible

Secure

Intelligent

ACTIVITY

- Read the 3 admission essays
- Assess if any of them was written (primarily or entirely) by Gen AI Model
- Essay prompt: "Describe a time when interactions with others and/or an experience caused you to change your mind or expanded your point of view."

* Adapted from and with great gratitude to Rosemary Hilliard (Senior Director of Admissions at Harvard Kennedy School).

WORLD NEWS

Brazilian city enacts an ordinance that was secretly written by ChatGPT

Rosário told The Associated Press that he asked OpenAI's chatbot ChatGPT to craft a proposal to prevent the city from charging taxpayers to replace water consumption meters if they are stolen. He then presented it to his 35 peers on the council without making a single change or even letting them know about its unprecedented origin.
